

Valued Refinery Members -

In life and business, often the unexpected gives the opportunity to examine standard operating procedures. Such an event has occurred recently at Refinery. What was discovered also coincides with an awakening mindset on the part of many businesses and individuals for wise energy use and cost efficiency. The result has been the decision to make a minor change in Refinery's operating hours. Beginning Sunday May 11, we will be close for the 4 hours from midnight to 4 a.m. Just a minor change will have a major affect. We sincerely apologize to any members that this change impacts. Be assured that we remain committed to our goal to provide the best in facility and services. We value our members. The new hours are listed below and will soon be posted. Thank you in advance for your cooperation and understanding.
